

## YOUR BEST PARTNER IN PACKAGING

ILAPAK's Delta 3000 3SS is PC controlled and equipped with long dwell technology for modified atmosphere (MAP) and includes ILAPAK's unique high speed hermetic sealing technologies. The Delta 3000 3SS is designed to produce 3 side-seal pack with a wide range of zipper reclosable features. Its heavy duty and reliable design allows the Delta 3000 to be integrated in automatic packaging systems.

## TECHNICAL SPECIFICATIONS

Machine Speed	Up to 110 cycles per minute (with zipper), up to 130 cycles per minute (without zipper) Production output depends on film sealability and product characteristics.	
Product Dimensions		
LENGTH	Up to 500mm - 19.7" standard	
WIDTH	Up to 350mm - 13.8" standard	Max width + height = 440 mm - 17.3" standard
HEIGHT	Up to 150mm - 5.9" standard	
Film Cut-Off	Min 150mm - 5.9" / Max 600mm - 23.6" Depending on film and product characteristics.	
Wrapping Materials	Barrier laminate film, flanged zipper type ZE 100	
Film Reel Dimensions		
CORE Ø	76.2mm - 3" standard	
OUTER Ø	350mm - 13.8" standard	
WIDTH	max 900mm - 35.4" standard	
Film Reel Max Weight	Depending on film reel width, up to 75 kg - 165 lbs	
Electronic Platform	Industrial PC	
Power Requirement	From 220 to 480 V, 50/60 Hz, 5kVA	
Compressed Air	6 bar, 200l/min	
Machine Weight	1500 Kg - 3300 lbs	

## MAIN FEATURES

Electronic machine with commercial available components

3 side seal pack style

Modular construction design

No product no bag

Misplaced detection  
(product out of phase inside film tunnel)

User friendly colour vga touch screen operator interface with intuitive icons

## BENEFITS

► Higher reliability components  
Easy maintenance

► Innovative pack style with wide range of zipper reclosable features.

► Possibility to expand the machine option configuration & connect the machine with different feeding system

► Reduced film waste  
(no empty bag)

► No products damaged or trapped by the sealing jaws  
Reduced product waste

► Intuitive and easy machine management by operators

All measurements not specified in inches are given in millimeters.  
Please discuss your needs with our local representative to configure these machines to your product's specific requirements. These specifications are not binding. We reserve that right to change them without prior notice.
